“

This certification changed my life & gave me all the tools to start my dream fitness business for moms!

I enrolled in one of the fitness schools to pursue my dream to open a fitness business but all I received was a book that I needed to finish and take test in order to become a group fitness instructor and personal trainer. I was very disappointed and for 6 months I didn't even finish the first chapter. I will always owe this to my friend Dougmary, who is now also my business partner, for introducing me to FIT CHICKS Academy.

This course has changed my life and given me the business of my dreams that allows me to teach fitness and nutrition to moms. I train both online and in person and also run nutrition challenges and workshops. I have been able to replace my full time job & salary with my business and now I work for myself!

I ABSOLUTELY love this program, and all the information its spreading all around the world. I feel so grateful to be part of this beautiful community.

The **only** training certification program in the world encompassing **4 core specialties in 1** including...

FITNESS

NUTRITION

WELLNESS

BUSINESS

Fitness & Nutrition Expert Overview

- Fully recognized certification that gives you everything you need to go from zero experience to become a certified, confident "Triple Threat" Coach including Group Fitness, Personal Training and Nutrition & Wellness Coaching in as little as 90 days- no pre-requisites necessary!
- Includes all business coaching and materials to create & launch your dream business the day you graduate.
- 100% online and can be accessed from anywhere in the world
- Become apart of a strong global community of like minded women who want to MAKE IT HAPPEN & support each other in the process.

POTENTIAL BUSINESSES INCLUDE:

- ✓ Group Fitness Programs & Bootcamp
- ✓ Personal and Small Group Training
- ✓ Nutrition & Wellness Coaching
- ✓ Recipe Developer and Health Writing
- ✓ Online Fitness Business Owner
- ✓ Challenges
- ✓ Fitness and wellness retreat leader
- ✓ And much more!!

What makes this **program** different?

There are a ton of fitness programs in the market. So what makes the Fitness & Nutrition Expert the best choice for you? Let us break it down!

FITNESS & NUTRITION EXPERT CERTIFICATION.

- ✓ A holistic approach, with a focus on fitness, nutrition, wellness AND business- we are the only all inclusive program that offers it all!
- ✓ Includes group fitness, personal training and online training which means you will become versed in 3 areas of fitness in 1
- ✓ Nutrition & wellness coaching, which means that you will have the knowledge to guide clients to their goals in all areas of health and fitness.
- ✓ Certification program which means we are here to support you through your in-depth learning, building confidence and skills.
- ✓ Practical hours in your community to ensure you have real-life experience to hone your skills, build your confidence and be fully prepared to coach upon graduation.
- ✓ An awesome Chick network with access to awesome resources, discounted services and ongoing support in the industry.

OTHER PROGRAMS

- ✗ Narrowed approach, which means you will focus on only 1 aspect of fitness that will limit your scope and skills. Only includes personal training OR group fitness OR online training, which means you are limiting your reach and your income and will need to take multiple courses.
- ✗ No focus on nutrition counseling, which means your clients will not be able to get results and reach long-term health goals. Nutrition is over 90% of the equation!
- ✗ Weekend Courses which means you learn primarily from a book with no additional support.
- ✗ No required teaching hours, which means you will have no practical experience when leaving the program.
- ✗ No support, which means you will likely finish the program and not have any additional support or access to help you succeed.

Certification

Once you have successfully completed the Fitness & Nutrition Expert Certification, you will be certified as a:

- ✓ Group Fitness Instructor
- ✓ Personal Trainer
- ✓ Nutrition Coach
- ✓ Wellness Coach

You will also receive:

- ✓ Title of Certified Fitness & Nutrition Expert (FNE) by FIT CHICKS Academy
- ✓ Certificate of completion mailed to you upon completion
- ✓ The Fitness & Nutrition Expert certification seal to your materials to show the world your professional skills
- ✓ Access to the Certified Business Portal upon graduation for materials to use with clients upon graduation

FNE was an amazing motivating program! I was nervous as it had been a long time since I had been in "school" and am so busy as a mom but this program was so full of exciting, interesting info & it keep me on my toes and engulfed in it. At first I felt a bit unsure on my direction I wanted to take with my business but as Laura & Amanda say trust the process and the journey, enjoy each module it will become clear, one step at a time.

My classes have come far, from offering free classes while in the FNE program, to having 10 to 12 ladies on a weekly basis year round indoor and outdoor for 6 to 12 week sessions. Plus, my prices have progressively moved up!

If you are on the fence, do it! You won't regret it!

PROGRAM BREAKDOWN

How the Program is Structured

The Fitness & Nutrition Expert Program is a hybrid certification to take full advantage of the flexibility of technology combined with important hands on group fitness, 1:1 training and nutrition coaching experience in your own community. This allows the program to be taken anywhere in the world, while still getting the education, support and community needed to succeed.

PART 1. VIRTUAL CLASSES

The virtual certification classes will unlock in order after completion and can be accessed in your student portal. All of our students go through the program at their own pace and can move through as quickly as they wish

The modules are broken down into multiple pre recorded short videos for you to watch at your own time after, and we also offer a private podcast should you wish to listen.

How the virtual classes are delivered:

- 7 Modules released throughout the program in the Student Portal
- Combines workshops, lectures and demonstrations by expert instructors
- Each module is broken down into short videos for you to watch at your own pace
- Each module includes a quiz & assignment to reinforce the content learned (see assignments section on page for more info)
- Classes unlock as the one prior is completed
- Access all audio classes via our FNE Private Podcast
- The videos can not be downloaded but accessed in the Student Portal- high speed internet is required for watching
- Each class includes course notes, resources and materials to use in real life

How the Program is **Structured**

PART 2. FNE PROGRAM COACHING & APPLICATION CALLS

This is not a "sign up & see you later" program! All FNE assignments will be marked and returned with feedback from your program coaches to ensure you are confidently understanding the material.

A live application coaching call will be held each week on Friday at 1pm EST with your Program Coaches for Q & A. Each week you have the option to submit questions to the call and join us via Zoom.

Please note that all live coaching calls are taped for later viewing should you not be able to attend, or are accessible in our FNE private podcast to easily access again. All other questions can be directed to your Programs Coach via email and will be responded to within 1 business day.

PART 3. ONLINE /PRIVATE STUDY

At-home study will include a variety of online and at-home study in addition to the classes. These include pre-reading, assignments, tutorials and viewing pre-recorded videos (i.e. exercises, workout videos etc. - all instructional programming from the course) to set you up for success.

PART 4. PRACTICAL TEACHING & COACHING

It's time to put what you have learned into action. All practical teaching hours, coaching and observation will be done in your community to build your skills and confidence in fitness & nutrition. This is key to preparing you for success. Certification is granted when program is complete and all pre/post work has been submitted.

My name is Toni Yolanda Allen. I am a Fitness and Wellness Coach for Women

*I took the FNE program to gain the knowledge behind fitness to assist my own lifestyle shift and to also transition into the space of Women's Wellness. Being more than just food and working out. I am a huge believer in Mindset before doing anything, and finding ways to help prepare mentally to push through a task is hard. **Since taking the program, I have started developing a Fitness Nutrition & Wellness Program that will assist women with their own Health, Wellness and Personal Development Journey.***

Getting certified through FIT CHICKS Academy has given me the stepping stone - to continue growing in this space to explore the options available for me to grow my business.

As former Miss Plus Size Canada, I had a dream of creating a body positive fitness and health space but had no idea how to do it. Before signing up for the program, I was nervous. As a plus size woman and soon to be plus size trainer, I was nervous about working with FIT CHICKS Academy or anybody certifying. Am I gonna be included? Am I gonna be represented? How am I gonna be made to feel I was included? I 100% was.

I was taught modifications. I was taught so many different things and not just focusing on weight loss, but really focusing on body, mind and soul, which is something that was really important to me.

Now I have my own business working with plus size women and have opened 2 body positive fitness studios, launch an online program with over 140 clients, become a sponsored model with Sport Chek and Nike, have done fitness spots on Breakfast Television & in Self Magazine and so much more. This program has transformed my life.

I've actually since had three of my own clients certified with FIT CHICKS. So, clearly I recommend it. It's been such a valuable tool for me in my personal life and obviously my business. I would recommend this course to anybody who's looking to get into fitness. I'm so grateful that I got to learn this way and that I'm still supported in this amazing community!

This component of the Certified Plus level is offered following completion of the Fitness & Nutrition Expert Certification Program.

What's Included

- The Launch Your Group Fitness Business Accelerator Mastermind Coaching program so you can get clear on your business goals, your plan of action and the step by step process we used to build a 7 figure group fitness program
- 8 Week Fitness Done For You Group Fitness Program to rebrand under your business including workouts, clients materials, marketing, email templates and more so you can be up and running a proven program fast
- Professionally designed clients materials & marketing materials that you can edit to use in your community - no design required
- 6 months of direct 1-1 access to Co-Founder, Amanda, where you can request coaching and make sure you are keeping momentum and on the right track to launching and growing
- Videos trainings, checklists and resources so you can set your business up for growth for the long term

“

Before signing up for the Fitness & Nutrition Expert Program I was feeling unfulfilled and unhappy. I was stuck in a job I no longer enjoyed and dreaded having to go into work everyday. As a busy 41 year old single mom wearing many hats, I wanted to be able to spend more time with my kids.

Before graduating I was working 8-5 and knew I couldn't take on clients before or after my full time job because I had to care for my kids. So I jumped in with both feet and NO plan B and quit my job to pursue my fitness biz full time. It was the best decision I ever made.

Now I have created a VERY successful in person and online fitness business that generates up to \$8-10k a month. I work on my time so I can create a life for myself and my kids that is on my terms. I am in the best shape of my life! Now, at 43 years old, I am living my dream life that I never thought possible all thanks to this program.

HOW THE PROGRAM WORKS

Program Objective

Our goal is for you to take what you learn in this certification and start sharing it with the world. We want you to complete this program with the skills, tools and confidence to start coaching clients in fitness, nutrition & wellness from the day you graduate!

You will complete this certification with:

- ✓ A strong holistic knowledge of how fitness, nutrition & wellness all work together to reach your health goals
- ✓ Experience and skills in teaching and training safely & effectively in a group fitness or 1:1 setting
- ✓ Confidence to instruct and lead a fitness class or session for all levels
- ✓ A clear, concise understanding of how to write and build group fitness programs and personal training plans for your clients
- ✓ Ability to build nutrition plans to compliment your workouts and programs to help your clients reach their goals
- ✓ Strong Knowledge and execution of healthy recipe development and creation
- ✓ Techniques to support your clients with self care, mindset shifts and stress management
- ✓ Courage to offer your services to the world (And get paying clients!)
- ✓ Support and encouragement as you grow from a FIT CHICK network across the world

How the FNE Works

The program modules are available on the private members site and unlock at your pace. All students go through the curriculum self paced which means you can move through as fast as you want with access to a new module which includes videos, readings, resources and assignments.

Assignments

Although this is an online course, there is a ton of important information to learn in order to be a Fitness & Nutrition Expert. The home study portion is an extensive element of the program. We provide you with a suggested course calendar with deadlines to keep you on track to graduate, as well as a graduation requirements checklist so you know what the expectations are when you begin the program. At FIT CHICKS Academy, we want to be confident that you are ready to rock in the health & fitness world when you receive your certification, and completing the assignments will help solidify your learning and prepare you for success in the industry!

We give real feedback and grades on your assignments to ensure that the course requirements are met.

There are a total of 4 assignments in the program:

- ✓ Group fitness program design
- ✓ Personal training program design
- ✓ Nutrition program design
- ✓ Wellness assignment

We want you to succeed and are always here to guide and coach you should you need assistance with any of the assignments!

Practical Hours & Exam

You wouldn't feel ready to teach clients without ever experiencing it, which is why we put so much emphasis on hands-on education through practical hours and exams.

The practical portion of the program gets you real life practical experience which is invaluable when you are looking to begin coaching and building your own fitness business. Throughout the program you will be required to attend in person or online events of your choice, teach fitness classes in person or online, and personally train clients in a virtual or in person setting. This will give you the confidence and practice you need so you are ready to rock once you graduate as well as invaluable feedback to continue to master your craft.

Additionally, a final exam consisting of a recorded personal training session and a group fitness class will ensure that you have the skills needed to start teaching/training right away!

No travel is required, all practical hours can be completed in your own community or online

Commitment

The Fitness & Nutrition Expert Program is a professional program and requires time and dedication to earn your certification.

Our goal is for you to feel educated, confident, empowered, and ready to pursue your dream fitness business or career.

This program is intensive and does require a certain level of commitment. We want to be certain that every chick who graduates with the Fitness & Nutrition Expert certification is ready to rock!

Here is an estimated breakdown of your time commitment to the program. The estimation is based on finishing the program within 12 weeks and may vary depending on your own previous experience and knowledge.

(Note: while the program is delivered over 12 weeks, you have up to 6 months to submit all the requirements).

Weekly module videos	2-4 hours
Weekly application call	1 hour
Course readings and quizzes	2 hours
Assignments and Practical Hours	2-3 hours
Additional study time	1-2 hours

If you plan to complete the program in **12 weeks**, your total weekly time commitment: approximately **8 - 12 hours**

If you plan to complete the program in **6 months**, your total weekly time commitment: approximately **4 - 6 hours**

TECHNICAL REQUIREMENTS

The Fitness & Nutrition Expert Certification is taught entirely online, so we expect you to have a basic knowledge of technology. High speed internet is also recommended.

We are able to support and assist you, but you need to be comfortable with using a computer, email, downloading, and uploading documents.

All materials will be accessed through our private student members site. This is where you can log in anytime to view your course calendar, assignments, readings and videos.

Assignments must be submitted in a MS Office compatible format. Even if you are a Mac user, you need to be able to save your assignments in either Google Docs or Open Office.

Assignments are submitted directly on the members site and will be returned to you once they are marked so you can view feedback.

Quizzes are also completed online and marks will be available immediately.

Most of our course materials are PDF downloads, so make sure you have a PDF viewer such as Adobe Acrobat installed (it's free!).

“

I had always wanted to learn more about how to manage my overall health and well-being Before this program, I never ran personal training or group fitness classes and the thought of doing something new and unknown scared me.

Throughout this course, I realized that to evolve personally and professionally, we need to take a leap of faith. We may feel fear and we may question our abilities, but there is much power in going forth in the presence of fear.

Since graduating, I started my own in person fitness business with a focus on fitness, nutrition and religion being the key components and I actually signed my first client before even finishing the fitness and nutrition expert course I also run an online program and challenges as well.

If you are thinking about this program, do it - you will NOT regret it!

Success Stories

— YVONNE BEATON

I signed up for the FNE Certification at first as it worked perfectly with my family's busy schedule. I am very passionate about health and fitness and I knew I wanted my next chapter to consist of spreading that love onto others. The course prepared me with the confidence and all of the tools to be ready to start my new career immediately upon graduating. The course is all online which gave me the flexibility to complete my course workload while the kids were in bed or away at school – alleviating the complications of taking time away from my family. I cannot thank Laura and Amanda enough as they have responded to every question I have ever had throughout the course, and even beyond. They are always very informative and responsive to my needs. They have been such a great support system throughout my journey. With the Fit Chicks® FNE course I had a great Platform to start with and get to wake up everyday and spread my passion through my own business Ybe.Nourish.Train, providing small group bootcamps, Personal Training and Nutrition Guidance. I would recommend this course to anyone looking to start their own business, maybe just getting into health and fitness, or to help grow themselves internally or externally.

— Deb Silver

Before I signed up for the FNE Certification, I was feeling completely lost. I was newly sober and looking to reinvent myself but at 49 I was not sure how I was going to create a space for myself in this industry. After taking the Fitness & Nutrition Expert Program, I started my own business right after graduating with 13 paying clients. I began immediately earning and income doing something I love. This course built my confidence and reputation as someone who can help other women reach their goals. I became "Deb Silver" and not just "Erin's mom or Neil's wife". Since I launched my website on my 49th birthday, I haven't looked back.

Success Stories

— DOUGMARY ESQUIJAROSA

Before the FNE program, I was overweight and struggling with my own health as a busy mom with a hectic and full schedule. I also was working at a job that didn't give me the freedom that I craved. I took this program at first just to educate myself but during this program, I fell in love with fitness, nutrition and coaching. I decided that I can do this and that even though English is my second language it would not deter me from going after my dreams. This program gave me everything I need to also get started after graduating so I quit my full time job and jumped two feet in with my own business offering in person training and sold out nutrition workshops. Fast forward to now and I have grown my business in person and online, have reached 10-12k months, I am at my healthiest and LOVE my life!

The FIT CHICKS Fitness and Nutrition Expert program was an amazing experience! I was too intimidated to go back to university to get a kin. degree, and was then worried that that would not prepare me to become a fitness instructor. As soon as I heard about this program, I became excited and it felt right. The course ran at a great pace, and it was really helpful to be able to watch the classes at your own pace. I could fit all the classes and assignments in to my own schedule and didn't have to worry about falling behind. I HIGHLY recommend this course!

— USHEKA HAGOOD

I graduated in March, I am a Staff Development Analyst for the SC Disability Determination Services. I run a small business where prepare healthy meals for my clients to help them reach their weight goals. I love everything about health and fitness and I am passionate about helping people achieve the best version of themselves. I wanted to get certified to increase my knowledge and share with clients so that I can help them get/stay healthy. I chose Fit Chicks because I loved how in-depth the program was and that it encompassed all facets of the business.

If you are considering getting certified and joining FIT CHICKS Academy, do it!!! Don't second guess this opportunity because it will change your life. The instructors were absolutely the best and so knowledgeable!

Success Stories

— DEANA RICO

Before I began the Fitness & Nutrition Expert program, I was working full time as a registered nurse and was getting ready to retire in November 2020 at the age of 65. I knew I wanted to stay healthy and learn new fitness habits for myself and for clients I would be serving. Going through this program, how it is set up, I was able to complete it on my own time. I was able to get my questions answered. I felt very connected to the Fit Chicks community and their instructors; Laura, Amanda and Jess.

Completing the FNE program, I felt confident to coach a client to help in their fitness goals. I never thought I could also feel this strong at my age! This program is a win win for those who want to stay healthy and would like earn an income to help others stay healthy too at any age!

— ROWEN BROWNLOW

I really enjoyed this course. I started on my own health and fitness journey almost 2 years ago, lost 70 pounds and decided I wanted to help others! This course was the perfect place to start the learning process. I feel like I learned SO much in 12 weeks - it all comes together. I felt very supported along the way and it felt like a nice little community of women helping other women reach their goals. Now I have my own coaching business helping others transform their fitness, nutrition and self image. I still can't believe it!

— JUDIT D

By becoming a Certified Fitness and Nutrition Expert I have gained the confidence I needed to start my career in Personal Training. I love that it covered all aspects of the industry, including fitness, nutrition, wellness and business skills as well, which are so important when we are launching a new business. I am now confidently putting together business plans, personal training profiles, nutrition programs and utilize all the skills I have learned during the co-ops as well.

I have been also able to improve my online fitness coaching business with the extensive knowledge I obtained throughout the course. Best decision I had made was to enroll in the FNE course with Fit Chicks!
